TOYOTA

— 2.5 HYBRID

— REAR COMBINATION LAMPS

The world's most popular executive sedan has now been refashioned with impressively bold and refreshingly sophisticated new looks, bringing you a truly stunning expression of sporty style.

DYNAMIC STYLE

1. 3.

Camry 2.5 Hybrid black interior shown with DVD-AVN (Audio-Video Navigation) System.

2. 4.

5.

5) METER COMBINATION WITH 4.2-INCH MULTI-INFORMATION DISPLAY

The two-dial Optitron meter has a 3D embossed design for a sense of depth, with clear blue illumination and white lettering for excellent clarity. The centre 4.2-inch Multi-Information Display (MID) shows useful data including Average & Instantaneous Fuel Consumption, Eco Drive Level, Front & Rear Parking Sensors* and Energy Motor*.

6) WIRELESS CHARGER*

Devices such as Qi-compatible cellular phones can be charged by simply placing them on the charging pad.

7) nanoe™ IONISER*

"Nanoe" ions (nano-sized electrostatic atomised water particles) are released from the driver's side vent and spread throughout the cabin, helping you stay more refreshed and healthy.

8) DVD-AVN (AUDIO-VIDEO NAVIGATION) SYSTEM AND REVERSE CAMERA WITH GUIDE LINES*

The 7" touch screen DVD-AVN System comes with Navigation, DVD Player, Tuner, MP3, USB, iPod Compatibility & Bluetooth®. The MirrorLink function enables your smartphone's display to be shown and operated on the vehicle's touch screen, via the USB connection (functions available may vary depending on smartphone).

9) JBL 10-SPEAKER SYSTEM*

Enjoy a beautiful, clear audio experience with the 5.1 channel surround system and JBL Green Edge 10 speakers.

6.

7.

8.

9.

1) LED HEADLAMPS* WITH DAYTIME RUNNING LIGHTS The highly effective (LED) Light Emitting Diode headlamps have Auto-levelling and Auto Light technology, plus Daytime Running Lights (DRL), to provide maximum visibility. **2) REAR COMBINATION LAMPS** The LED (Light Emitting Diode) tail lamp and stop lamp (on the lower part), together with the smoked chrome plated extension and clear blue on the upper part*, give an advanced impression. **3) 17" ALLOY WHEELS*** The 17" alloy wheel design gives the Camry Hybrid a dynamic, stylish appearance. **4) AUTOMATIC FRONT WIPERS WITH RAIN SENSOR*** Automatic front wipers detect the volume of rain and automatically adjust the speed of the wipers for optimum visibility.

*2.5 Hybrid only

— 2.0G WITH OPTIONAL AEROKIT

3.

— DUAL EXHAUST SYSTEM
(2.0G & 2.0E only)

The Camry 2.0G and 2.0E have also inherited the Camry's bold new lines, truly your ideal vision of elegance and stylish prestige.

**BOLD
PRESTIGE**

Camry 2.0G black interior shown with optional DVD-AVN (Audio-Video Navigation) System.

1) HIGH INTENSITY DISCHARGE HEADLAMPS* WITH DAYTIME RUNNING LIGHTS** The outline and internal construction of the High Intensity Discharge (HID) headlamps and integrated Daytime Running Lights (DRL) give them a characteristic shape. **2) REAR COMBINATION LAMPS** The lower part houses the LED (Light Emitting Diode) tail lamp and stop lamp, while the upper part has a smoked chrome plated extension with clear red paint. **3) 16" ALLOY WHEELS***** The 16" alloy wheel design gives the Camry 2.0 a perfectly balanced, yet dynamic appearance. **4) DUAL EXHAUST SYSTEM***** The Camry 2.0 has a dual exhaust system that truly enhances its sportiness.

5) METER COMBINATION WITH 4.2-INCH MULTI-INFORMATION DISPLAY
The two-dial Optitron meter has chrome plated ornamentation and a 3D embossed effect, expressing a sense of luxury. The centre 4.2-inch Multi-Information Display (MID) shows useful data including Average & Instantaneous Fuel Consumption, and Eco Drive Level.

6) ECO MODE
An Eco Driving Indicator light (on the MID), plus average and instantaneous fuel economy gauges, support eco-friendly driving.

7) DUAL ZONE AUTOMATIC AIR CONDITIONING WITH REAR DUCT
Automatically maintains a balanced environment to ensure sheer comfort, while rear ducts provide additional comfort for rear passengers.

8) FRONT PASSENGER SHOULDER SWITCHES**
Rear passengers can easily adjust the front passenger seat with these conveniently located switches.

9) 8-WAY POWERED ADJUSTABLE SEATS**
Easily reachable switches allow minute adjustments to be made to the driver and front passenger seats.

** 2.5 Hybrid and 2.0G only
*** 2.0G and 2.0E only

— 2.5 HYBRID INTERIOR

The Camry's cabin interior combines the collective sense of high quality expected of a prestigious vehicle with modern sculptural design. Everything has been tastefully enhanced, offering the luxurious sensation of comfort and complete control.

COMFORTABLE
SPACIOUSNESS

1.

2.

Image shown is 2.5 Hybrid. 3.

4.

5.

Image shown is 2.5 Hybrid.

6.

7.

7) ELECTRO CHROMIC MIRROR*

The Electro Chromic Mirror automatically adjusts the amount of reflected glare to ensure better visibility for night driving.

8) REAR SIDE WINDOW SUNSHADES*

Built-in rear side window sunshades can be manually drawn when needed for protection from the sun and privacy.

9) POWERED BACK WINDOW SUNSHADE*

This convenient sunshade has power controls, making it easy to provide shade for the rear seats.

10) LARGE TRUNK SPACE

The trunk has a sizeable capacity that is more than sufficient for all your travelling needs.

* 2.5 Hybrid only

** 2.5 Hybrid and 2.0G only

1, 2, 3) SMART ENTRY & START SYSTEM

Allows you to lock and unlock the doors and trunk lid, and start the engine, simply by having the newly designed key in your pocket. **4) COLLAPSIBLE HEADREST*** The front passenger seat headrest can be folded forward to enhance the rear passengers' forward visibility. **5) STEERING WHEEL SWITCH CONTROLS**

Access the Bluetooth hands-free*, audio and MID functions with your fingertips, while staying in control. **6) CRUISE CONTROL**** Drive at a constant speed without stepping on the accelerator. Ideal for long distance travel or a more relaxed drive.

10.

Image shown is 2.0G.

MOTOR 1
MORE POWERFUL
GENERATOR
PERFORMANCE

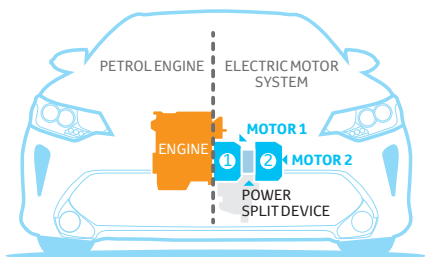

Recharges the hybrid battery & acts as starter for the petrol engine.

MOTOR 2
MORE POWERFUL
DRIVE ASSIST

Recharges the hybrid battery through regenerative braking. It can drive the wheels independently, too!

— 2.5 HYBRID

The Camry Hybrid is driven by Toyota's renowned Hybrid Synergy Drive (HSD), which pairs an efficient engine with two intelligent motors to give you unrivalled performance and efficiency.

SUPREME
HYBRID
INTELLIGENCE

TOYOTA
VVT-iW

VVT-iW ENGINE WITH D-4S***

The VVT-iW (Variable Valve Timing-intelligent Wide) engine provides high torque right from low to high rpm ranges and uses either the Atkinson cycle to enhance fuel economy or the Otto cycle for power.

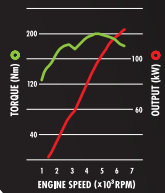

The D-4S fuel injection system enables optimum combustion at all times by using high pressure injection for the cylinders and low pressure injection for the ports, alternating according to the driving situation.

Maximum Output (EEC Net):

123kW (167PS) / 6,500 rpm

Maximum Torque (EEC Net):

199Nm (20.3kg-m) / 4,600 rpm

— 2.0G WITH OPTIONAL AEROKIT

1.

2.

3.

4.

The Camry's performance has been even further fine-tuned to reflect today's demanding tastes.

1) 6-SPEED AUTOMATIC TRANSMISSION*** The all-new 6-speed Automatic Transmission with Super ECT and Sequential Shifter has an expanded gear ratio range, allowing high-speed driving at lower engine speed for enhanced fuel economy. **2) FLOOR UNDER COVERS** The under covers smoothen the flow of air beneath the car for handling stability and fuel economy. **3, 4) AERO-STABILISING FINS** Aero-stabilising fins on the wing mirrors and rear combination lamps help air flow smoothly around the vehicle to reduce drag.

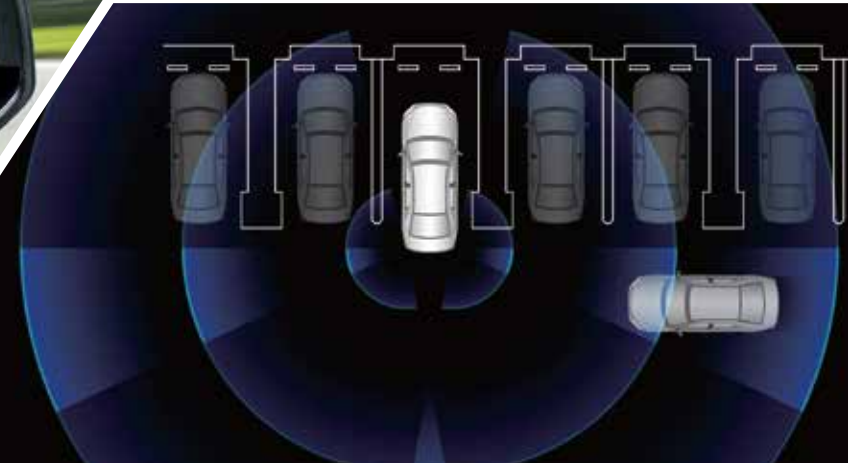

**TRUE
POWER**

SAFETY ASSURED

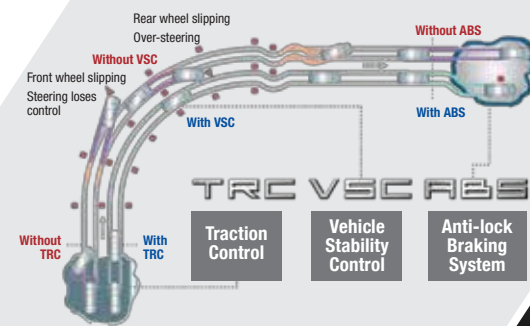

1.

1) BLIND SPOT MONITOR* Uses sub-millimetre wave radars to detect and alert you of vehicles present in blind spots. When the system detects a vehicle in the adjacent lane, it will alert you by flashing an indicator on the wing mirror. **2) REAR CROSS TRAFFIC ALERT (RCTA)*** When reversing out of a parking space and an approaching vehicle is detected, the Rear Cross Traffic Alert function alerts you using a buzzer and flashing indicators on the wing mirrors. **3) VEHICLE STABILITY CONTROL (VSC) AND TRACTION CONTROL (TRC)**** VSC ensures vehicle stability when the car begins to skid, by providing the optimum amount of brake force required to each wheel, and reduces engine power to help the driver regain control of the vehicle in the event of understeer or oversteer. TRC detects wheel spin in the driven wheels on slippery road surfaces and automatically regulates braking force and engine power.

2.

3.

5.

6.

4.

— 7 AIRBAGS

7.

4) 7 AIRBAGS*

Front airbags lessen the impact to the head and chest of the driver and front passenger. Side airbags are deployed in a side collision to reduce the shock to the chest of the driver or front passenger. SRS curtain shield airbags help reduce the side collision energy to occupants' heads.

5, 6) REVERSE CAMERA WITH GUIDE LINES*

The Reverse Camera helps you see low lying objects normally undetectable by the reverse sensor, by displaying an image of the area behind the vehicle and the vehicle's anticipated course, making parking easier.

7) HILL START ASSIST CONTROL (HAC)**

Provides assistance when starting off on steep uphill sections by preventing the vehicle from rolling backwards.

8) WHIPLASH INJURY LESSENING (WIL) FRONT SEATS

Helps prevent whiplash injuries in a rear-end collision and reduces strain on the occupants' necks.

9) EMERGENCY STOP SIGNAL**

Flashes the rear hazard lamps to warn drivers behind in an emergency braking situation at speeds of over 55km/h when strong braking power is applied.

Thanks to new and enhanced safety features, both active and passive, you can be sure of extremely high levels of protection and security.

* 2.5 Hybrid only
 ** 2.5 Hybrid and 2.0G only
 *** 2.0G and 2.0E only

The Camry Hybrid's renowned Hybrid Synergy Drive (HSD) delivers all the exceptional benefits of a Full Hybrid vehicle.

ABSOLUTE PERFORMANCE

POWERFUL ACCELERATION

The Camry Hybrid is a full hybrid vehicle and is able to provide satisfying city driving performance, especially in the middle-speed range.

FUEL EFFICIENT

HSD is engineered for fuel efficiency. Together with the Camry Hybrid's aerodynamic body design, it achieves class-topping fuel savings.

LOW EMISSIONS

The HSD system minimizes the output of CO₂ and other harmful emissions, complying with relevant international exhaust emission regulations.

QUIETNESS

The Camry Hybrid is whisper-quiet in EV mode, making your drive around the neighbourhood calm and relaxed. In the cabin, with sound-absorbing and vibration-damping materials, it's a drive unlike any other.

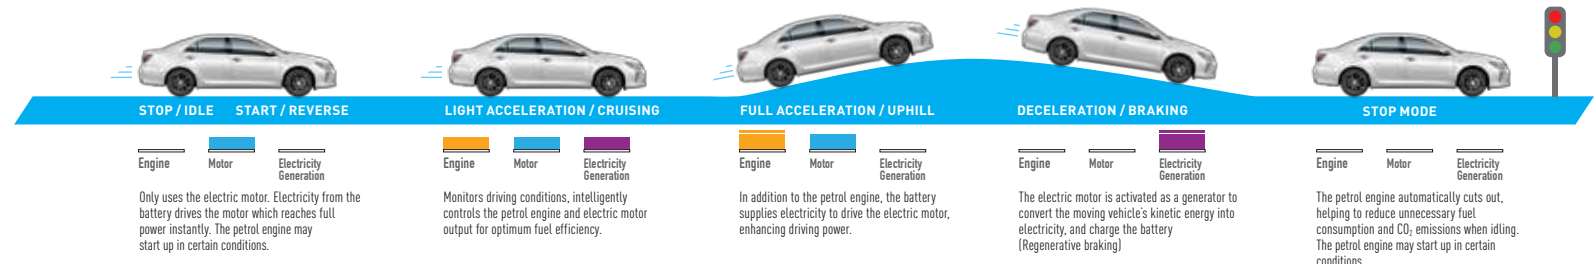

Total System Output (EEC Net): **151kW (205PS)**
 Engine Maximum Torque (EEC Net): **213Nm (21.7kg-m) / 4,500 rpm**
 Motor Generator Maximum Torque: **270Nm (27.5kg-m) / 0 - 1,500 rpm**

1) HYBRID SYNERGY DRIVE (HSD) ENGINE & PERFORMANCE* The 2AR-FXE engine is a high-expansion ratio engine that uses the Atkinson cycle, which reduces intake and exhaust energy losses, contributing to enhanced fuel efficiency, horsepower and torque. **2) HYBRID SYSTEM INDICATOR*** Displays the output and charging status of the hybrid system in real-time. Promotes more eco-friendly driving through the use of an ECO driving range. **3) ECO MODE/EV MODE SWITCHES*** ECO mode dampens accelerator pedal response to rapid inputs at low speeds and reduces air conditioning power consumption in order to help enhance fuel economy. EV drive mode uses energy stored in the hybrid battery to drive the vehicle using only the electric motor. **4) ELECTRONICALLY-CONTROLLED CONTINUOUSLY VARIABLE TRANSMISSION (E-CVT)***

*2.5 Hybrid only

DYNAMIC CHOICES

OPTIONAL ACCESSORIES*

2.0G WITH OPTIONAL AEROKIT

OPTIONAL AEROKIT*

- 1) Front Bumper Spoiler 2) Side Skirts
3) Trunk Lid Spoiler 4) Rear Bumper Spoiler

5) DVD-AVN (Audio-Video Navigation) System* and Reverse Camera with Guide Lines

- 7" touch screen display with Bluetooth®
 - Voice Recognition
 - Smartphone Link** (lets you connect with iPhone or MirrorLink compatible devices and operate selected smartphone applications from the DVD-AVN head unit)
 - Built-in navigation maps for Malaysia, Singapore & Brunei, customised with the Toyota network
 - Gyro-speed sensor that operates even when signal is lost
- For safety reasons, some functions are disabled while vehicle is in motion.
** Compatible with selected smartphones only.
For details, please contact your nearest Toyota showroom.

*The optional aerokit and accessories featured are available for 2.0G and 2.0E only.

TOYOTA PREMIUM SECURITY AND SOLAR FILM*

Premium Security & Solar Film	Front	Rear	Side
Visible Light Transmittance (VLT)	75%		53%
Total Solar Energy Rejection (TSER)	53%		60%
Ultra-Violet Rejection (UVR)		99%	
Infra-Red Rejection (IRR) at 900-1000nm	74%		48%

Key Benefits

1. 7 years warranty.
2. Complies with JPJ regulations.
3. Certified by Puspakom (with sticker for proof).
4. Reflects harmful rays.
5. Reduces interior damaging/ageing from the sun.
6. Reduces the heat inside the car when parked/ driving under the sun.
7. Cooler interior.
8. Compatible with Smart TAG.
9. Effective prevention against glass debris if windscreen is shattered.

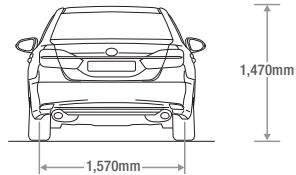

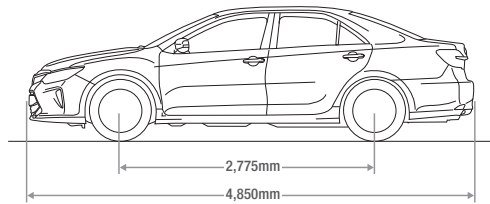

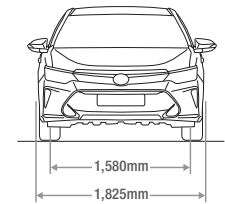

*Standard for 2.5 Hybrid & 2.0G, optional for 2.0E.

TRULY PERFECT CHOICES
